STERIMED, YOUR PARTNER FOR STERILIZATION

SOLUTIONS FOR HEALTHCARE INDUSTRIES AND HOSPITALS

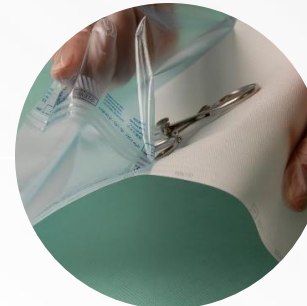

► Providing SBS options for all parties involved in medical sterilization:

Medical Device Manufacturers – Roll stock, preformed pouches and bags, inner sterile barriers (wraps, bags), converting services

Converters – Cellulosic webs for converting activities, steam sterilization paper bags, flat pouches, tubing

Hospitals, CSDs, and other points of care – Sterilization wraps, tray liners, steam paper bags, container inner sterilization wraps, biological and chemical indicators and traceability systems

AT STERIMED, WE SHARE YOUR STRIVE FOR EXCELLENCE IN SAFETY, QUALITY, AND COMPLIANCE

OEM EXPERTISE FOR MEDICAL STERILIZATION PACKAGING

- ▶ Over 100 years of expertise since origins in France to produce paper
- ▶ Supported by our owners (Sagard investment fund, and our employees who own 30% of the company), we expand to integrate in-house development and manufacturing of complete Sterile Barrier Systems materials
- ▶ Our engineers and skilled employees develop, design, manufacture, and convert (coat, print, and slit) our in- house cellulosic top webs and film bottom webs to create fit-for-purpose complete SBSs

AT STERIMED, WE SHARE YOUR STRIVE FOR EXCELLENCE IN SAFETY, QUALITY, AND COMPLIANCE

100% DEDICATED TO HEALTHCARE

- ▶ Only medical grade cellulosic substrates and films in our factories
- ▶ Controlled Quality and Regulatory compliance
- ▶ Expertise on Healthcare specifics and Validation requirements
- ▶ Compliant to International regulatory standards

EXPERTISE

We listen to our customers,
step by step we have grown to
be a reliable global player

SPS MEDICAL 40 YEARS OF EXPERTISE

You can't buy trust — you have to earn it

In the healthcare industry trust is the most important pillar connecting customers, end users and suppliers.

We at SPS Medical have been building the trust through decades based on our experience, expertise and professional mindset.

History of SPS Medical:

1981 – SPS was founded

(Sterile Packaging System)

1986 - Medical Laboratory Status from the French Ministry of Health

2003 – SPS become part of Amcor becoming Amcor SPS

2021 – Amcor SPS hospital BU acquired by STERIMED

SPS MEDICAL CLOSE TO OUR CUSTOMERS NEEDS

People and experience are the fuel for our growth.

*You can only understand your customers' needs when you know what they are going through.
What are their everyday challenges and expectations.*

Everyday presence in CSSDs is a great asset and fundamentals of SPS MEDICAL work.

Thanks to our direct contact with end-users in the CSSDs, all around the world:

- We have developed unique products
 - We are able to address any issues or questions
 - We can advise the best possible solutions to fit hospital needs

SPS MEDICAL CLOSE TO OUR CUSTOMERS NEEDS

- Presence in more than 50 countries
- Own distribution channel in France, Spain and Germany
- Strong distributor network

A scientist with a beard, wearing a white lab coat and a watch, is working in a laboratory. He is adjusting a complex glass apparatus that includes several vertical glass tubes, a large round-bottom flask, and various connecting tubes and valves. The background shows other laboratory equipment and a clean, professional environment.

COMPLIANCE TO STANDARDS

Compliance needs to be built into every aspect of the business, not a stand-alone thing

SPS MEDICAL GETTING ABOVE NORMS

As the world leader in the industry of sterilization packaging , we understand quality of our products, as the fulfilment of the current and future needs and requirements of our customers.

We intend to continuously increase the quality level of our products in line with the requirements of the international standards.

- Strict quality control at every step of the manufacturing process
- Traceability system ensures the safety of users and patients after the products have left our warehouse. We are able to trace the origin of the material and have a complete control on the production
- As an active member of regulatory and standardization working group of independent scientific associations, we are always compliant to the latest standards and regulation

SPS MEDICAL GETTING ABOVE NORMS
